Press Release

Rosecrance announces two new locations to better serve residents of McHenry County

Offices in Crystal Lake and McHenry to offer expanded programming

CRYSTAL LAKE – Rosecrance McHenry County opened a new office in Crystal Lake on Jan. 6, 2014, and a second location will open in McHenry in mid-February. Both offices will offer integrated behavioral health services to clients seeking treatment for substance use and mental health disorders.

Rosecrance will move from the current location on Veterans Parkway to expand services at the two new locations. While the Crystal Lake office is already open, some services will continue at the current location until the McHenry office is operational. Rosecrance plans to expand programming in McHenry County to serve youth and young adults needing treatment for substance abuse.

“The convenience of our clients was top of mind for us as we looked at various locations,” said Chris Gleason, director of Rosecrance McHenry County. “We needed more space as we are expanding services to meet needs in the county.

“We also want our clients to know that there will be no gap in care as we make the move.”

The two new locations are:

- 422 Tracy Court in Crystal Lake; opened Jan. 6, 2014
- 4501 Prime Parkway in McHenry, opening in mid-February 2014

Clients who have questions should speak with their care providers at Rosecrance McHenry County, or call the office at 815-363-6132.
