

LAUNCH TO LIFE

Your gift can save lives:

Launch to Life Campaign to sustain recovery resources in Chicago

Young people facing addiction need our help now more than ever. Experience tells us that substance abuse is a barrier to academic achievement and age-appropriate life progress for young adults. We know, too, that with quality treatment, these young men and women can get their lives back on track and go on to achieve their life goals.

The Rosecrance Foundation Chicago Board of Directors invites you to join us on **November 10th at 1:00 for a virtual tribute**. We will be recognizing those that support the Launch to Life Campaign, share stories of recovery, and hear from Rosecrance CEO, Philip Eaton.

2020 Levels of Giving
